

Summer Reading List 2017/2018

Dear Parents (of incoming fourth graders)

Since reading is an ongoing process, it is time to plan for reading activities over the summer. In order to continue to improve reading skills developed in our Accelerated Reader program, fourth graders will be required to read at least two books over the summer vacation. Students should have both books finished **by the time school begins in August**. The students will take an AR test on each book which will be counted as a test grade.

If your child has already taken an Accelerated Reader test on any of these books, he or she must choose another book from the list.
