

Summer Reading List 2017/2018

Dear Parents,

All Middle School students are required to read at least two novels from the list below over summer vacation. They will be tested on the two books when we return to school in August.

Below are the choices for summer reading. If your child has taken an Accelerated Reader test on a book, he or she must choose another book from the list. **Students in 5th, 6th, and 7th grades are allowed to read books two grade levels higher or lower than their grade.** If your child reads more than two books during the summer, he or she may take AR tests on the additional books, which will count towards the AR grade for first quarter. **Summer Reading tests are separate grades and do not count for points during the first quarter.**

Sincerely,
Mimi Lebeuf
Middle School Reading Teacher

Incoming 5th Graders
